Dean Moors
Carpentry Estimator

Carpentry Estimators

Our specialist carpentry estimators can provide you with a written estimate for works. They can provide accurate estimates for all types of carpentry works, specialising in the design and project management of all aspects of carpentry installations to small repairs.

Estimate Hours

Estimates can be carried out Monday-Friday between 8am and 5pm. An appointment can be made, at a time that suits you. Estimates outside of these hours can be arranged. Written estimates will be posted (or emailed) within 48 hours of an estimator's visit and are valid for 6 months.

For urgent work, estimates can be arranged promptly and work can then commence immediately.

Estimate Appointments

Our estimators will assess the work and provide you with a detailed description of the estimate, a full breakdown of the costs and organise a schedule.

They will also oversee all work carried out on your job and keep you updated on its progress.
